They Say

What constitutes bigamy?

A man with two wives.

Mr. Charles R. Douglass poured oil on the foreigner.

Lookout for Mr. Johnson book on Liberia dedicated to the editor of the BEE.

It gives Taylor four months life in the negro republic.

Don't fail to read his French letter that become so famous in the colored republic.

You should also read his opinion of Mr. Cleveland at a dinner given in his honor.

His opinion of the American negro is rich.

His great reply to the Sabbath school superintendent is "out of sight."

Taylor's life in Liberia is the latest.

It will be printed in the BEE, and also in book form.

His attack on Mr. Cleveland, the Liberians and the American negro.

He laughs best who laughs last.

Thompson, who wrote the Washington letter several weeks ago for the Indianapolis Globe, should have explained why he was discharged from the post office.

Does the gentleman want the BEE to explain.

A little wholesome history will, no doubt, do the young man some good.

He who disturbs the hive of the BEE, must expect to be stung.

Be honest, is the principle of great men.

Don't be alarmed when you hear a gun go off.

Mr. Douglass should be congratulated on the ovation tendered him by the people of Washington.

The Old Man Eloquent was a drawing card.

Let the band play, and the dogs bark.

Be true to your friends.

Mr. Cleveland will appoint the Liberian Minister soon.

He will probably come from the East.

He will not be backed up by tricksters.

Things may change, and he may come from the South.

Editor Fortune will read a paper before the next National Convention

Editor Cooper will introduce syndicated news matter.

Liberia will be true to the negro.

Some day it will be a great republic.

It is one of the independent republics on this earth.

The next minister will be a man of learning.

Dr. H. C. Robinson is being supported by the entire people for the chaplaincy in the Army.

There is no reason that the next chaplain of the next House should not be a negro.

Either Dr. Benjamin or Dr. Brooks, would make find selections.

Editor Robinson of the Inter State Leader, was the first to agitate the appointment of a Negro.

The negro will have representation in the next House.

The Republicans are in favor of doing the handsome thing.

Let us be united on all these questions.

Editor Fortune has a great scheme on foot.

A NEW HOSPITAL.

Dr. John R. Francis' New Enterprise.

Just What is Needed. The Distinguished Physician Congratulated.

In every well established community will be found, for the benefit of white people only, well equipped private sanitariums. These institutions are often conducted by some one reputable physician, with possibly several associates. In them will be found all of the latest medical and surgical appliances that are necessary for the modern treatment of diseases, according to the latest views and researches in sanitation and asepsis. In medicine the last few years have shown at least as much, if not more, progress as has been made by the human mind along any other avenue of research. In a large number of both medical and surgical cases, the progress in treatment has overreached any facilities afforded by a private residence, to say nothing of hotels and boarding houses. This fact is fully recognized by the best class of white people in their extensive patronage of these private sanitariums throughout the country. The advantage offerded by such institutions is conspiciously great in maternity and gynaecological cases. Here, the unfortunate and friendless mother can, for a small consideration, receive the latest scientific treatment at the hands of a skilled obstetrician and careful, faithful and tender nurses, protected from the gaze and criticism of the public during her maternity.

Dr. Francis has just completed his arrangements for the opening of such an institution. After a period of 18 years practice and careful observation, he has become convinced of the fact that such an institution, where citizens regardless of color, can receive treatment is a necessity in any community. This is especially the case in Washington. The field here is large on account of the great floating population found so extensively in our hotels and boarding houses. Our homeless teachers and government employees are also to be congratulated on having a physician of Dr. Francis' experience and reputation to offer to them the skillful treatment guaranteed by such an institution in his hands. We know him to be a man who will spare no means to have things done right.

As far as we know, this is the first hospital of its kind opened by a colored physician in the country. We understand the fee will be such that any honest person who is able to employ a physician at home will be able to receive treatment at this institution. The admissions will not be confined to patients from Dr. Francis own private practice. Those of any reputable physician, will be admitted on his recommendation for treatment at his hand, a fee being charged only for room, nurse and material. He has completed arrangements with the leading members of the profession to act as associates, thereby guaranteeing to his patients at any hour of the day or night, the best medical skill in any specialty of the medical profession.

Dr. Francis is indeed progressive and his sanitarium is a certainty. Washington is to be congratulated.

A representative of the BEE in conversation with some of the representative citizens, thought that the new enterprise of Dr. Francis was just the thing for the people. Dr. Credit, the eminent divine, of this city, said it is a great move. It is just what he has been waiting for. Hon. B. K. Bruce, thinks that Dr. Francis has struck the key note. N thing better could have been started.

Miss Belle F. Gibbons, formerly a prominent member of the Berean choir, and even now, one of the best colored singers, is domiciling at Sidney, Australia.

WEDDED IN SPITE OF THEM.

A Runaway Marriage to Which the Parents Offered Fruitless Opposition.

Pocomoke City, Md., Jan. 2. — The Parker Hotel was the scene of a romantic marriage yesterday. The contracting parties were Douglas L. Sommers and Miss Florence Lewis, of Bloxom, Va. They came here to escape the wrathful ire of their objecting parents. The Rev. E. S. Tuttle was sent for, and performed the ceremony in the parlor of the Parker Hotel. Mrs. Lewis, mother of the bride, arrived early yesterday morning in pursuit of her daughter, who she says is under age. She caused a great deal of excitement over the girl's marriage, but Mr. and Mrs. Sommers left on a train for their home in Virginia in the afternoon.

FIFTY LIVES LOST.

Fearful Storms Along the British and French Coasts.

London, Jan. 2.—Fearful storms are reported from all parts of the British and French coasts. It is estimated that at least fifty lives have been lost. The Ramsgate (Kent) lifeboat crew put to sea at midnight and returned at noon with the crew of the schooner Union, wrecked on the Goodwin Sands. It is regarded as certain that the collier Napoli and the fishing steamer Nordsee both foundered off the Dutch coast on Saturday. There were twenty-five persons on both vessels, and there is hardly a doubt that all of them were drowned. A number of fishing boats which left Cherbourg on Saturday have also been lost, and probably their crews.

The Girl Was Saved.

New Brunswick, Jan. 2.—While skating on the Raritan River yesterday afternoon, opposite this city, Mamie Farrington, aged fifteen, a daughter of Patrick Farrington, of No. 120 Burnet street, and Charles Crossin, aged nineteen, of No. 11 Hassart street, narrowly escaped drowning. The young couple skated into an air hole. Young Crossin got out quickly, but before he could turn to assist his companion, James Payton, of No. 267 Redmond street, plunged into the icy water, and, assisted by Richard Hardenbergh, jr., rescued Miss Farrington. She was taken to Klein's restaurant in Albany street, and soon recovered from the shock attending her plunge into the cold stream.

Another Hotel Holocaust.

Lancaster, Ky., Jan. 2.—The Miller Hotel was burned yesterday. There were four persons in the building at the time—Edward A. Pascoe and wife, his baby, about two years of age, and his mother-in-law, Mrs. Masters. The wife only escaped. No other persons were in the hotel, as Pascoe had made all arrangements to give it up. The fire is believed to have been of incendiary origin.

A Street Car Accident.

Brooklyn, N. Y., Jan. 2.—Six persons were injured in a street car accident in Brooklyn yesterday. A car of the Franklin avenue line was run into and wrecked by a car of the Fulton street line. The injured are William Purblo, John Salker, Charles W. Murphy, a well-known bicyclist, severe internal injuries; A. W. Franklin, Mrs. Elizabeth Saunders, of Jersey City.

Mosher Defeats Donoghue.

Newburg, N. Y., Jan. 2.—Yesterday afternoon a large crowd witnessed the skating races on Orange Lake, which had been arranged as preliminaries to the National Amateur Skating Association races set for January 19. The principal event was the race between James A. Donoghue, of this city, and Howard Mosher, of Storm King. Mosher won easily.

Mexico Shaken.

St. Louis, Mo., Jan. 2.—A special to the Globe-Democrat from the City of Mexico says that Sunday night an oscilliatory earthquake shock was felt in that city and other parts of the valley of Mexico. The movement was east and north, but of short duration. The disturbance caused great alarm.

Killed at a Crossing.

Gath, Me., Jan. 2.—Miss Catherine Patten, aged eighteen, was killed and Miss Jenny Harvey and Mr. William Thompson were severely injured at the Centre street crossing of the Maine Central railroad yesterday. The party were driving home when the train from Boston struck and demolished the carriage.

Blown Up by Dynamite.

Newton, Mass., Jan. 2.—Timothy Mallery and James Ford, while digging in a trench at Newtonville yesterday, were hurled twenty feet by the explosion of a dynamite cartridge. Mallery died soon after. Ford is severely hurt.

Killed His Wife and Child.

Bay City, Mich., Jan. 2.—Daniel G. Tromley, a lumber inspector, twenty-eight years of age, crazed over politics, murdered his wife by cutting her throat, smothered his child and set fire to the house. Tromley was arrested. He attempted suicide by jumping into a well.

A FEARFUL WRECK.

A British Bark Goes Ashore and Her Crew is Drowned.

London, Dec. 31.—The British bark Osseo was wrecked in a gale at Holyhead yesterday morning, and with her perished her entire crew of twenty-six men. The Osseo was driven ashore back of the Holyhead breakwater. Her signals of distress were first heard by the coast guard about 4 o'clock in the morning. At that time it was pitch dark, and great waves were washing over the breakwater. In spite of the danger of being washed into the sea, the guard proceeded along the breakwater, and, having rigged up the rocket apparatus, began firing life lines in the direction of the wreck. The faint light of the rockets soon disclosed the fact that the vessel had broken in two amidships, and that the main mast had fallen, crushing the lives out of several of the crew. A few survivors could be seen clinging to each half of the vessel, and their piteous cries for help could be heard above the roar of the storm. After many failures the coast guard succeeded in firing a line over the wreck, but by that time all on board had perished. A lifeboat vainly tried again and again to approach the wreck. Not a vestige of the bark could be seen to-day, and there is no prospect of any salvage. The Osseo was a bark of 1,399 tons. She arrived at Falmouth on December 15 from Taltal, and had been ordered to Anderson. Reports of stormy weather continue to be received from all parts of Europe. Numerous small wrecks and casualties are reported in Great Britain and Ireland. Many lives were saved by lifeboats. A severe gale is blowing on the Baltic, and navigation is suspended at Copenhagen.

PARKHURST DISSATISFIED.

An Understanding Between Lexow and Supt. Byrnes.

New York, Dec. 31.—In an interview with a Tribune reporter, Dr. Parkhurst was asked: "Have you an idea from reading the testimony of Supt. Byrnes that there was a previous understanding between the Superintendent and the Lexow Committee?" He replied: "There is not the slightest doubt about it. In fact, I am free to say that I knew some time ago that there was an understanding between the committee and Mr. Byrnes. I am not prepared to say that Mr. Goff had any knowledge of it, but the understanding involved the manner in which Mr. Byrnes was to be treated. Just what the understanding was I decline to state, but I knew that Byrnes was not to be badly damaged. I first made up my mind that there was an understanding when I heard that Byrnes was supplying the committee with information. My sentiments in regard to Mr. Byrnes are the same now as they always have been. I have been fighting Mr. Byrnes three years, and he has been fighting us, and I am firmly of the conviction that if I care for the safety of our organization I cannot afford to become allied with the enemy in any way, shape or manner. I look upon Supt. Byrnes as a constituent part of a system that is corrupt, and for that reason I do not believe it is wise to have any dealings with him."

A Chinaman Suicides.

Watertown, N. Y., Dec. 31. — Lee Ling, a Chinese, aged eighteen, who had been a prisoner in the county jail here since November 19 on a charge of assault, committed suicide in his cell yesterday afternoon by hanging. On November 19 Ling entered a laundry, of which his consin, Charles Jim, is proprietor, and demanded $200, saying he wanted to go back to China. Jim refused to give him the money, and Ling, armed with a long knife, thereupon rushed upon him, cutting his arm and inflicting other slight wounds. Ling had been in this country only two years.

A Hermit Frozen to Death.

Wichita, Kan., Dec. 31.—Emile Lanes, a hermit for a dozen years in a canyon in Beaver County, No Man's Land, was found frozen to death in his rude hut. A crucifix was grasped tightly in one hand and a rosary in the other. He was ninety years of age and was said to be a son of one of Napoleon's marshals. The hut he lived in contained nothing but a rough table, a few cooking utensils and about fifty volumes of French religious books.

A Fire at Sing Sing.

Sing Sing, N. Y., Dec. 31.—Fire was discovered in the storehouse and laundry of Sing Sing prison yesterday morning. Although the firemen responded promptly the flames had gained considerable headway. The burned buildings are located in the northeast portion of the prison yard. The loss is estimated at $2,500, and is not insured. The cause of the fire is a mystery.

Stamped Envelopes Cheaper.

Washington, Dec. 31.—Third Assistant Postmaster-General Craige has issued a circular informing postmasters of a reduction in the prices of stamped envelopes and newspapers after January 1, 1895. The general public will not derive much benefit from the change, but buyers in large quantities will secure them a little cheaper.

WILBOR'S COMPOUND OF
PURE COD LIVER OIL
AND PHOSPHATES OF
LIME, SODA, IRON.
The truly wonderful effect produced by Dr. Alexander B. Wilbor's Compound of Pure Cod-Liver Oil and Phosphates renders it beyond doubt the most perfect preparation of its kind known to-day.
Consumption, coughs, colds, asthma, debility, wasting diseases and all scrofulous humors disappear under its influence. It is almost as palatable as cream. It can be taken with pleasure by delicate persons and children, who, after using it, become very fond of it. It assimilates with the food, increases the flesh and appetite, builds up the nervous system, restores energy to mind and body, creates new, rich and pure blood, in fact, rejuvenates the whole system, flesh, blood, nerve, brain. This preparation is far superior to all other preparations of cod-liver oil; it has many imitators, but no equals. The results following its use are its best recommendations. Be sure, as you value your health, and get the genuine. Manufactured only by DR. ALEXANDER B. WILBOR, Chemist, Boston, Mass.

THE PUBLIC PRINTER AND THE NEGRO.

Some time ago the BEE had occasion to reply to its esteemed contemporary, The New York Age, relative to the Public Printer and colored printers. The BEE said then, as it does now, that Mr. Benedict is not opposed to colored printers. While it is true that some few of them have been dismissed, Mr Benedict's attention having been called to the fact that they had been dismissed, he has reinstated some of the most competent namely, R. F. Chisolm, and Edward Nalle, and Mr. Shermont Lewis in the bindery.

Congressman Murray called to see Mr. Benedict and he was told to recommend some competent colored printers which he did, and Mr. Benedict promptly reappointed Mr. Chisolm. The BEE is of the opinion that Mr. L. A. Lavelette would be reappointed if his case was properly laid before Mr. Benedict. Mr Lavelette is more persecuted by the sub bosses than he is by the Public Printer. Mr. Lavelette, it is true, was the only colored proof reader in the office and a very competent printer and it is hoped that Mr. Benedict will make an investigation of his case and reinstate him.

HOWARD UNIVERSITY.

Of course, the Colored American has no apology to offer for its personal attack on Howard University. It is quite natural that it should make no excuse, because one of its editors failed to obtain a position in the university.

It is hoped that the colored editors will not be deceived. There is nothing wrong with Howard University. President Rankin is doing all in his power to make a great institution. The BEE is confident that manager Cooper, if he knew the motive of his editor, would not allow such an attack to be published against Dr. Rankin. The editor will, no doubt be compelled to offer an apology.

THE HOUSE CHAPLAINCY.

The first candidate brought out for the chaplaincy of the next House of Representatives was Rev R. C. O. Benjamin. Since that time there have been twenty others mentioned by twenty different newspapers.

It is not the question who the most popular man is. It is a question of fitness and high moral standing. Rev. Walter H. Brooks, is no doubt, one of the most learned divines in this country and would no doubt, make a fine chaplain. His appointment would receive the indorsement of the entire country.

Dr. Benjamin is a Republican, and a man qualified for the place. Rev Grimkie is a learned man, and would no doubt, make a good chaplain. It is quite likely that the next House will recognize the negro in some capacity.

THE GIRLS' REFORM SCHOOL

There is an urgent necessity for an appropriation for the girls' reform school. Several letters have been sent to Congress backing up the recommendation of the District Commissioners. There is just as much need for a girls' reform school, as there is for a boys' reform school.

It is hoped that Senators Sherman, Allison, Chandler, and others, will see the importance of amending the appropriation bill.

The BEE is pleased to note that trustee Cornish will endeavor to enlarge the industrial feature of that branch of the public school system. There is no branch of the public schools that need greater attention than the industrial branch.

Howgate may be guilty, but some one else ought to be tried.

H. C. C. Atwood may remain in New York until the libel case is called, but he will be brought here just the same.

Any one indorsed by Taylor are ducks shows.

LOUISE TO CLARA.

DEAR CLARA:

Well, I have returned from a trip East. On my arrival home, I was greeted with the dismissal of Miss Mamie Hill, of the recorder's office. Miss Hill was one of the most accomplished clerks in that office and she always gave the incumbent of that office to understand that she would take no foolishness. However, the dear sweet girl was married Wednesday afternoon to Mr. Mortimer of Lancaster, Pa., at which place she will reside.

I attended the marriage Wednesday, and I must say she looked real sweet. Her wedding trousseau was made by Madame Shaw. This marriage is no surprise, as it has been looked for, for some time. She will return to the city in a week or so, at any rate.

Our genial friend, Senator Bruce returned to the city a few days ago. I understand there is to be some improvements made in the schools. The High School is greatly in need of reform.

Our friend, Mr. Hewlett, will read before the Asbury Church Lyceum. He is becoming a very popular reader of late. His papers are well written and delivered.

The colored gentleman who has been trying to pass for white for some time, is very active in advising the porpoise. Of course, misery loves company and birds of a feather flock together.

Some people get very colored at times; they have great love for the race, but it all means nothing.

Our good friend, Chas. R. Douglass, had an excellent reply in our next door neighbor last week, to the deceitful editor of the acrobatic sheet. I know that Mr. Douglass has been a father to his children and a husband to his wife. No one can point the finger of desertion at him, neither from the navy or from his family.

The concert was a grand success. The Old Man Eloquent was in his glory. The house was crowded to its utmost capacity. It demonstrated the fact that the people of this city appreciated a good thing. Mr. Joseph Douglass is to be congratulated. As a rising young man in the musical world, the people of Washington were willing to assist him. He has the best wishes of all classes of people who were present at his testimonial. I wish him success abroad, and hope when he returns, the people will give him a grand ovation.

Yours lovingly,
LOUISE.

A YOUNG MAN'S "WILD OATS."

So far as a young man "sowing his wild oats" is concerned, writes Edward W. Bok in some editorials for young men in the March Ladies' Home Journal, it has always seemed a pity to me that the man who framed that sentence didn't die before he constructed it. From the way some people talk one would imagine that every man had instilled into him at his birth a certain amount of deviltry which he must get rid of before he can become a man of honor. Now, what is called "sowing wild oats" is nothing more nor less than self degradation to any young man. It doesn't make a man one particle more of a man because he has passed through a siege of riotous living and indiscretion when he was nineteen or twenty; it makes him just so much less of a man. It dwarfs his views of life far more than it broadens them. And he realizes this afterward. And he doesn't know one iota more of "life," except a certain phase of it, which, if has glitter for him in youth, becomes a repellent remembrance to him when he is matured. There is no such thing as an investigating period in a man's life; at one period it is as important to him to be honorable and true to the teachings of his mother as at another.

No young man need seek the "darker side of life." The Lord knows that it forces itself upon our attention soon enough. It does not wait to be sought. A young man need not be afraid that he will fail to see it. He will see plenty of it, and without any seeking on his part either. And even if he does fail he is the gainer. There are a great many things which we can accept by inference as existing in this world. It is not a liberal education to see them. Too many young men have a burning itch to see wickedness—not to indulge in it, as they are quick to explain, but simply to see it. But the thousands of men who have never seen it have never felt themselves the losers. If anything, they are glad of it. It does not raise a man's ideal to come into contact with certain types of manhood or womanhood which are only removed from the lowest types of the animal kingdom by virtue of the fact that the Creator chose to have them get through the world on two legs instead of four. The loftiest ideal of womanhood that a young man can form in his impressionable days will prove none too high for him in his years of maturity. To be true to the best that is within a man's means, above all to be an earnest believer in the best qualities of womanhood.

COMMISSIONER CLARKE.

United States Commissioner, Jas. A. Clarke, will deliver an address tomorrow afternoon, before the Trinity Epsworth League, at Ebenezer Church, 4th and D Sts. S. E. at 4 o'clock. This organization is growing in popularity.

Mr. Clarke is one of the best known citizens of Washington, and he has always been interested in the welfare of the colored people all his life.

The BEE would suggest the importance of a large turn out, as Mr. Clarke will deal with the temperance question in a philosophical manner. Go early if you want a seat.

SIDE TALKS WITH GIRLS.

Perfumed note paper is not generally used by refined women.

If you are invited by the mother of your bethrothed, there would be no impropriety whatever, in you and your sister paying a visit to her.

It is not in good taste for a young man to take a lady's arm except he is married to her.

It is not in good taste for a young woman to receive her men friends when she is wearing her tea-gown. Tea-gowns are usually dedicated to matrons.

Girls should not entertain young men while they are sewing. Either put your work down, or ask to be excused.

It is wrong to give your photograph to a person except he is a dear friend, as it is also unwise to wear jewelry belonging to a man friend.

If a gentleman has come from a long distance to see you, and you are sufficiently well acquainted with him, it would be courteous for your mother to ask him to remain over the night.

Never ask a gentleman to call to see you. He should ask permission to call on you. Still there is only a few that are aware of this fact.

It is not necessary for a girl to receive an engagement ring to be engaged to a young man, although engagement rings are very appropriate. The ring usually given for this purpose has a precious stone set and is worn on the third finger.

When a young woman allows a man to adopt a free and easy manner with her, he has little respect for her, except he is her betrothed, and very often under such circumstances it is unwise.

A sensible girl will not waste her time with a man who continues to postpone their wedding day, for if a man is anxious to marry he will hasten the wedding day.

It is not proper for a young lady to drive at night alone with a young man, although many break this breach of etiquette.

A sensible girl will not let a man consume all of her time and never speak of marriage only in a distant way. She should be wise and accept of the attention of one that goes the opposite.

FASHIONS IN GIRLS' NAMES.

The most important change in the naming of girls has been the growing disinclination to give them more than one name, the object of his being that when a woman marries she may easily combine her full maiden name with her new surname. Mrs. Hamilton Mott in the March Ladies' Home Journal. A three word signature is much prettier and more convenient than one composed of four words. Then, too, immediate recognition of her own, as well as that of her husband's surname and the convenience in genealogical research and legal transactions, are two reasons of sufficient importance to warrant the combination were there no others.

With this fashion in girls' names has come, as in boys', a disinclination to use diminutives or pet names. Mollies, Maggies, Katies and the various feminine "ies" and "ys" are as scarce as their masculine counterparts Jimmie and Willie. Mary, Margaret and Katharine have taken the place of the former, and James and William of the latter.

A SURPRISE VERDICT.

The case of Mr. Carter charged with having committed perjury in a whisky case against Mr. Clark, was tried in criminal court No. 2, before Justice Cole last week. The defendant was represented by Lawyers James H. Smith and Cambell Carrington. The trial of the two prisoners defendants Messrs. Clark and Willis, resulted in their conviction; but in the case of Carter, the jury returned a verdict in favor of Carter which was a surprise to all. Messrs. Smith and Carrington made a great defense.

A GOOD DECISION.

In the police court a few days ago Judge Kimball had before him two cab or hack drivers who had picked up two drunken men, and the testimony was that they had refused to pay their drivers. His honor asked whether the men were drunk at the time. The evidence was that they were under the influence of liquor. Neither men knew what had been done, and Judge Kimball said that he did not propose to use the courts to enable cab drivers, who had taken up drunkards, to collect their money. He dismissed both cases.

The exercises at Howard University chapel were very interesting last Sunday. Dr. Rankin's discourse was eloquent. There was a large crowd in attendance.

A STEAMER SUNK.

The City of Missouri Strikes a Rock in the Ohio.

Louisville, Jan. 21.—The big New Orleans packet, the City of Missouri, struck on the Indiana side of the Ohio near Alton, Ind., and went down in fifty feet of water. She gave a heavy lurch forward and sank rapidly. Four passengers on the City of Owensboro, passing here last evening, were picked up near the Kentucky shore. They swam for life on planks and reached the willows. One reached the shore and the others remained in a tree many hours until rescued.

C. E. Hydes, local agent of the Memphis, New Orleans and Cincinnati Packet Company, reports that there were only nine passengers aboard the steamer when she went down, and it is believed that none of them was lost. The boat had a full crew of about fifty men. The latest information obtainable is to the effect that the only persons lost were roustabouts. The number is not believed to be over five. The value of the steamer was $40,000.

DISTRESS IN NEBRASKA.

No Picture of the Suffering Has Been Overdrawn.

Greeley Centre, Neb., Jan. 21.—The distress in this part of the State is appalling. No picture of the suffering has been overdrawn and a great many sad cases have been suppressed. Hundreds of families have nothing to eat and no fuel and children are so nearly naked that they are kept from school. At least one-fifth of the people of this county have become county charges. It is impossible for the people to care for the destitute and unless a large amount of outside assistance is received at once many farmers and their families will perish. The people are most in need of clothing. Some of the best farmers, whose lands are unincumbered, are as destitute as tenants, because they cannot realize on any kind or class of securities. A great many of the floating population left the State last fall, and all who are here are actual residents, most of them owning their homes.

WORK OF VIGILANTES.

The Body of Defaulting Treasurer Scott Found in the River.

O'Neill, Neb., Jan. 21.—The body of Barrett Scott, the defaulting Treasurer of Holt County, who while out riding with his family New Year's Day was fired upon by a party of vigilantes, and after being wounded was dragged from his carriage, blindfolded and carried off by his assailants, has been found in the Niabara River. A new hemp rope was found around his neck and the end, about three feet long, was dangling in the water. Evidences showed that he was hanged by the vigilantes before being thrown into the water. The excitement is intense. Those who were the loudest to denounce Scott when his defalcation, amounting to nearly $100,000, became known, and were ready to wreak their vengeance on him then, are among those making threats against his assailants.

The Whiteway Disabilities.

St. John's, N. F., Jan. 21. — Gov. O'Brien has received a dispatch from the Imperial Government refusing to assent to the bill for the removal of the disabilities of Sir William Whiteway and his colleagues. This refusal will probably compel the Government to accept a royal commission to investigate the colony's affairs. A number of persons implicated in the bank scandals are likely to be arrested. Among them will probably be some of the directors.

Murder and Suicide.

Chillicothe, O., Jan. 21. — James O'Brien, aged thirty-six, a boilermaker, in the Baltimore and Ohio Southwestern shops, shot his wife four times, two shots taking effect, and then turned the weapon upon himself. Both will die. O'Brien is a miser, and the shooting was occasioned by his wife selling four chickens and using some of the proceeds in purchasing sugar.

The Flight of Planta.

Nanaimo, B. C., Jan. 21. — Police Magistrate Planta left town in a small sail boat with his youngest son. The boat was seen later in the day heading for the American side. A hurried investigation of his affairs shows that for years he has been in the habit of converting public money and trust funds to his own use.

Got Ahead of the Law.

Taunton, Mass., Jan. 21. — George Russy, sixty years old, an inmate of Taunton jail, awaiting the action of the Grand Jury for the alleged manslaughter of his wife in Fall River on December 26 last, hanged himself to the bars of his cell with his handkerchief.

Futile Attempt to Rob a Bank.

Momence, Ill., Jan. 21.—An attempt to rob the Exchange Bank of this place was made at 10 o'clock yesterday morning by a party of burglars, two of whom were captured. The others escaped, but did not secure anything of value.

Arms for Peruvian Revolution.

San Francisco, Jan. 21.—M. Saeres, a Peruvian political refugee, has arrived in the city with considerable money. It is said his mission is to purchase arms and ammunition for the Peruvian revolutionists.

Gave Himself Up.

Brooklyn, Jan. 21.—George Washington, a negro, who Saturday night shot and killed James Hargraves, also colored, in a quarrel over a game of pool, surrendered to the police yesterday.

Duke of Argyle and Lord Churchill.

London, Jan. 21.—A dispatch from Glasgow says that the Duke of Argyll is weaker.

Lord Randolph Churchill's condition is unchanged.

Shot Himself.

Gloucester, Mass., Jan. 21.—The body of Herbert Tarr, aged thirty-five, of Rockport, who has been missing since Friday, was found yesterday. Tarr had shot himself.

Gen. Swaim's Sentence Remitted.

Washington, Dec. 3.—By direction of the President, Secretary Lamont has made an order remitting the unexpired portion of the sentence of Brig.-Gen. Swaim, Judge Advocate-General of the army, and directing him to take station in Washington city, awaiting the further orders.

Li Hung Chang Out of It.

Yokohama, Dec. 3.—Mr. Deterling, the envoy who visited Japan for the purpose of negotiating peace, and whose mission proved a failure, the Prime Minister declining to meet him, has written a private letter to the Prime Minister denying that he was sent to Japan by Li Hung Chang.

The Sassoun Outrages.

Athens, Dec. 3.—The Armenian committee here has presented to the Ministers of the signatory powers of the Berlin treaty a petition recounting the Sassoun outrages and imploring the powers referred to not to allow article 61 of the Berlin treaty to remain in effect.

Bismarck's Affection.

London, Dec. 3.—A dispatch to the Standard from Berlin says that Prince Bismarck frequently visits the mausoleum at Varzin, in which the body of his wife was placed. The floor of the mausoleum is entirely covered with wreaths.

Mrs. Parkhurst's Mother Dead.

Northampton, Mass., Dec. 3.—Mrs. Philena N. Bodman, aged seventy-seven, widow of Luther Bodman and mother of the wife of Dr. Charles H. Parkhurst, of New York, died here yesterday afternoon of apoplexy.

To Abolish Oppression.

St. Petersburg, Dec. 3.—It is reported that Gen. Gourko, Governor of Poland, and his son, Vice-Governor of Poland, have resigned, the Czar intending to abolish the oppressive government of that province.

Three Killed.

Brussels, Dec. 3.—Three persons were killed and twenty injured yesterday by an explosion in a forcite factory at Canille, near the Beverloo camp. The building was blown to atoms.

The Argentina Cabinet.

Buenos Ayres, Dec. 3.—It is reported that Gen. Mitre and Senor Pellegrini are about to join the Argentina Cabinet.

Hospital Notes.

Freedmen's hospital is filled to it's utmost capacity. The severity of the weather, together with the poverty stricken condition of the people, is the cause.

Dr. Williams, conducted his first clinic before the medical students last Sunday at 2 p m. The students and profession were out in great numbers, and really appreciated the thorough manner in which he discussed the pathological condition of operative cases. He will continue to hold surgical clinics every Sunday at 2 p. m. The profession is cordially invited to attend.

Dr. E. D. Williston, house surgeon, of Freedmen's hospital, has been called home on account of the illness of his father.

Expcsition Notes.

Last Monday was a good day with the Cotton States and International Exposition. By the same mail came advices of another foreign exhibit and another State exhibit.

The same day came a letter from Mr. Vincheller, Commissioner of Mines, Manufactures and Agriculture for Arksas, asking large space for an exhibit from that State.

On Wednesday last, both houses of the Alabama legislature passed unanimously a resolution making an appropriation for an exhibit at the Cotton States and International Exposition the special order for Friday and inviting President Collier and his Committee to address them.

Mr. E. A. Felder, Assistant to the President, who has just made a flying trip from the Chicago office to Atlanta, reports great interest in the Cotton States and International Exposicion.

No exposition ever held in the United States has had more sympathy and good offers from the railroads than the Cotton States and International Exposition has received.

An interesting feature of the past was the meeting of the chief commissioners for the Colored Exhibit from each of the Southern States. These commissioners met in Atlanta on the 19th of January, and elected Prof. W. H. Crogman, of Clark University, Atlanta, chairman, and I. Garland Penn, principal of one of the city schools of Lynchburg, secretary.

One of the most attractive features of the Cotton States and International Exposition will be the reproduction of the World's Columbian Exposition in miniature by Mr. G. W. Ferris, the builder of the Ferris Wheel.

A. E. Manning, attorney at law, and a citizen of Indianapolis, Ind., is in the city. Mr. Manning is the chairman of the colored democratic association. W., in the presence of her mother and a few intimate and personal friends. Rev. Mitchell, of St. Mary's Episcopal church, performed the ceremony. The bride was beautifully dressed in white silk which, gave her the appearance of the goddess of loviness. The sister of the groom, acted as Miss Hill's bridesmaid, and Mr. Dick Venning, of Philadelphia, Pa., acted as best man.

The bridal party left on the 4 o'clock train for New York, Newport, R. I., and Boston, Mass. Miss Hill, on her return, will go the home of her husband in Lancaster, Pa., where she will remain a few days and then she will return to this city for her dear mother.

A LIBERAL ORGAN OFFER.

That there has been a revolution in the manufacture of Organs and Pianos is evinced by the current offer of Cornish & Co., the well known manufacturers of Washington, N. J. For the next 60 days they offer to sell an organ or $42.50, which a short time ago would have been considered a desirable bargain at $75.00. With this they offer terms of credit that are sure to meet with the approval of every fair-minded person. Cornish & Co. are the largest makers of Pianos and Organs in the world selling direct from the factory to the home. Since the conception of this great business, nearly thirty years ago, they have been fighting the method of selling instruments through agents and dealers, their plan being to give the enormous profits usually retained by the tradesman to the buyer. Their efforts to place first class instruments within the reach of all, at manufacturer's prices and the most liberal terms, deserves the highest commendation. Every one who is contemplating the purchase of an Organ or Piano, should get the catalogue issued by this firm. It illustrates and describes all the latest and best designs of Organs and Pianos with prices and special offers that are sure to prove profitable. They generally offer to send to it free to all who write and mention the BEE.

Three sections of a coal train piled up and caught fire. The accident occurred upon a bridge and the trains toppled over into the ravine. One man was killed and four were injured by the accident. Fireman William Baxter, of Bradford, who was on his engine in the second section, had his arm so badly crushed that it was amputated later. Conductor James Morrow, of Bradford, was badly bruised, and another, whose name could not be learned, was injured. Flagman Traynor was injured about the arms and body, but not seriously. Two cars were destroyed by fire.

FEMALE FOOTPAD.

Knocks a Railroad Man Down and Rifles His Pockets.

Jersey City, Jan. 23.—The first female highwayman on the records of Jersey City, so far as Chief Murphy knows, was arrested in New York by Jersey City detectives. She knocked down Frank Fiel, twenty-five years old, of No. 152 Railroad avenue, Jersey City, with a sandbag and robbed him of $8 at 2 o'clock last Tuesday morning. Fiel is a messenger for the Pennsylvania Railroad. A stalwart woman without a word brought a sandbag down on the back of his head with a force that sent him flat upon his face. His next recollection is that the woman was rolling him over and going through his pockets. Policeman Ackerman and Harrigan pursued the Amazon to No. 123 Railroad avenue. The next day Jessie Lewis, alias Davis, twenty-five years old, was arrested. She had been in Jersey City a week. Chief Murphy says he has reason to believe that she came from Chicago and is wanted for other crimes.

THE TROOPS AND POLICE AND THE STRIKERS.

FORTY HAVE BEEN INJURED.

New York, Jersey City and Newark Electric Men Consult With the Brooklyn Men With a View of Making the Strike General—An Attempt to Burn a Depot.

Brooklyn, Jan. 22.—The first serious clash between the troops and police and the Brooklyn strikers occurred at Myrtle and Gates avenues last night. Three companies of the Seventh Regiment, of New York, under Major Kip, were escorting the first car that has left the Ridgewood station since the strike, when they were attacked by a mob. They drew their revolvers and fired into the crowd. There was a return fire from the mob, who sent a scattering volley. Private Ennis, of Co. H, was wounded by a pistol shot. Six members of Co. G were injured by stones. Capt. Dunn, of the Fourteenth Precinct, was badly battered by the strikers. George Mohrman, patrolman of the Twentieth Precinct, was beaten by strikers and sent to the hospital. Four strikers were wounded and carried away by friends. So far as is known thirteen persons were injured in the battle.

The car which was the cause of all the difficulty had to be defended all the way down Gates and Stuyvesant avenues. At almost every corner it was awaited by mobs, and the police fired their pistols, and finally the troops fired their muskets into the air to keep off the strikers. Capt. Appleton said: "My company shot to kill and a number of the rioters were hit and carried away by their friends."

Judge Gaynor has granted an order to show cause why a writ of mandamus should not issue to compel the Brooklyn Heights Railroad Company to resume the operation of its lines.

It is now learned that an attempt was made to burn the depot last night.

REVOLUTION IN HAWAII.

The Royalists of the Island Resort to Armed Force.

San Francisco, Jan. 21.—The steamer Alameda arrived from Auckland and Sydney via Honolulu Friday afternoon and brought news of a revolution and bloodshed at Honolulu. Charles L. Carter, who was one of the annexation commissioners, was killed and other Government supporters were wounded. There has been much fighting, and at least twelve natives have been killed. Nearly 200 royalists are under arrest. Robert Wilcox is the leader of the rebels. The fighting was still in progress when the Alameda left Honolulu on January 11, but the Government forces had practically overcome the revolutionists. On Sunday, the 6th inst., a squad of the police and civilian guard went to search the house of Henry Bertelmen, a prominent royalist, for arms. They were attacked by a band of natives and Charles Carter was killed and Lieut. Holl wounded. Reinforcements from town drove away the natives. The next morning 200 of the native insurgents, who were intrenched behind a stone wall and had an howitzer, attacked Lieut. Coynes's force of twenty-five regulars, twenty-five mounted policemen under President Murray, of the Citizen's Guard. Had the natives waited they would have annihilated the Government force, but the shower of bullets and shrapnell did no harm, and the Government forces established a camp. In Honolulu the militia and Citizen's Guard were seen, martial law was proclaimed and all saloons closed.

Washington, Jan. 21. — Minister Thurston said, after reading the dispatches from Hawaii: "There is not a single person of standing, responsibility or property in any way connected with the rebellion. It was an inconceivable piece of folly, with no possibility of success against the Government, and its effect will be to strengthen the Government."

Charles Carter, the unfortunate supporter of the Government who was killed in Hawaii, is known here as an exceedingly capable and accomplished man. He was a son of the late Minister Carter.

Secretaries Gresham and Herbert called on the President at the White House at 10 A. M. Saturday in regard to the Hawaiian complications and entered upon a discussion of the situation.

Ann Arbor, Mich., Jan. 21. — The Honolulu news was read with great interest at the university because of the death of Charles Carter, who completed his education there. In 1889 he married Mary Scott, of this city, and the couple were extremely popular.

BIG FIRE IN WILLIAMSBURG.

The New York Fur-Cutting Company's Factory Burned.

New York, Jan. 21.—The big factory of the New York Fur Cutting Company in Williamsburg, extending from No. 156 to No. 170 Meeker avenue and through to Lombardy street, was destroyed by fire Friday night. The building had a frontage of 210 feet on Meeker avenue, and was 190 feet deep. It was a two-story brick, and 200 persons were employed there. They stopped work at 5:30 o'clock last night, and an examination of the premises then showed that everything was apparently all right. J. T. Hand, the superintendent of the factory, said that the loss would foot up about $240,000. Most of the work done in the place consisted of clipping off the fur from the skins of rabbits and hares and preparing it for hatters.

ROSEBERY AND THE LORDS.

He Says Their Position is the Supreme Question of the Hour.

London, Jan. 21. — Lord Rosebery said in a speech in Cardiff Friday evening that Welsh disestablishment would be the first measure of the next Parliamentary session. He did not doubt that the established Church in Wales was doomed, but everybody must remember that the House of Lords presented a permanent barrier to the measure on which the Welsh had set their hearts. The position of the Lords was the supreme question of the hour. When the Government resolution dealing with this question should be submitted, it would involve the dissolution of Parliament. Before the dissolution, however, he wished Parliament to deal with the liquor traffic, representation of labor and the one-man-one-vote issue.

Robbers Thus Lock a County Treasurer In.

Santa Rosa, Cal., Dec. 31. — The treasury of Sonoma County was robbed of nearly $8,000 Friday and County Treasurer Stofer was left insensible in the treasury vault, the robbers locking the door on him. The robbery took place about 9 A. M., but was not discovered until 5 in the afternoon. All this time Treasurer Stofer lay on the floor of the vault gasping for breath, fearing that every conscious interval would be his last. Had it not been for the timely arrival of his wife, the only person in town who knew the combination, he would have died before the door of the vault was opened. Officers are searching the country for the robber, but not a trace has been found.
